Micah, could you take a look at the attached list of Congressional letters on the Monument review and let me know which, if any, of these need personal references (good to see you last week, etc), and if you have any concerns over the thrust of the intended replies. I will of course convert these into a more formal response, See esp. Sens. King and Heinrich, for different reasons.

I have reviewed all emails from you and Downey with attachments, but also please let me know if I missed any.

Hi Randy. I'm having trouble editing these individual lines without the context of the whole letter. I think it would be easiest if you just shared each letter with Amanda and I and we'll edit each of them for you with a quick turnaround. I have no doubt we will receive some late submissions as well.
